- 6d - Trees, bushes

Hydrotechnical products:

- 71 - TGS-40/25 inspection manhole 6" - 30"

Edging element:

- 8d1 - BW-60 concrete edging piece

Description of section:

Use of the DiaDrain-60 or MDE-60 drainage board in this construction allows for continuous uninterrupted drainage of rainwater beneath the various building elements. The TGS Heavy Duty Inspection Box permits both pedestrian and vehicular traffic to pass over without the need for additional protection. The TGS cover is removable to allow inspection and on completion can be locked for security.
