

RDA-25 Recyclen

RDA type products are supporting elements suitable for the edging of superstructures with typically deeper media depth, in connection with limited load bearing capacities.

#160301

Technical Data Sheet

■ Green up the roof!

	<p>RDA products are made of recycling composite panels for edging light-weight green roofs. Special feature of these units, that it can be used to house, irrigation hoses and/or electrical cabling. For design purposes lighting can be installed into the front panel. A resin based plaster coating is an option, which gives a pearlescent appearance.</p>	
	Dim.	RDA-25 Recyclen
Height	inch	9-7/8"
Width	inch	11-7/8"
Lenght	inch	45-1/4"
Thickness	inch	3/8" - 10/16"
Weigth per Lenght unit	lbs / ft	7 lbs 10 oz
Material		Recycling Composit
Standard Color		black
Material requirement	ft / ft	1.05
Installation time	hr / lf	0.30
