

TRS-100-FF

Large drainable grille for use in front of doorways at roof terraces.

#210405

Technical Data Sheet

■ Green up the roof!

	<p>TRS trench drains is an elegant drainage solution for entrance areas to reduce the risk of floodings, without having a direct sewage connection. The product is made of recycled composite with a choice of hot dip galvanized, or stainless steel grille lids. The standard sizes are 12x12", 16x16" or 20x20", each of which can be ordered in individual heights between 2"-12".</p> <p>TRS products can be used for residential and commercial use to protect the facade from rainsplash, melting snow and everyday debris.</p>	
	Dim.	TRS-100-FF
Height	inch	>2.0
