

DIAIbum Sedum Cuttings

Cuttings are a mix of at least 6 different sedum species, harvested from adult plants.

#500103

Technical Data Sheet

■ Green up the roof!

	<p>Bulk Sedum cuttings offer the green roof installer the most ecological and economical method of planting. However the bulk Sedum cuttings planting method presents limited opportunities for creative design in the installation process, they are inexpensive to buy, makes the highest diversity possible, easy to convey onto the roof, and quick to plant. □ The biggest advantage is the wide range of possible mixes to create, even in different planting rates measured by pounds-per-thousand square feet, and range from a very low rate of 25 lbs./1,000 sf, up to a high of 250 lbs./1,000 sf.</p>	
	Dim.	DIAIbum Sedum Cuttings
<p>Sedum matrona 'Fuldag' - Evergreen aglut has rounded, flat, succulent, fuzzy, dark brown leaves, top</p>	<p>1 inch long, and star-shaped, rosy-red flowers, to 3/4 inch wide, held in round clusters.</p>	
<p>Sedum reflexum 'Blue Spruce' - Evergreen A drought tolerant groundcover</p>	<p>with small, succulent blue leaves reminiscent of the needles of a blue Spruce.</p>	
<p>Sedum floriferum 'Weihenstephaner Gold' - Evergreen A favorite among the groundcoverers</p>	<p>this one is covered in canary yellow star-shaped flowers in late spring. It has thick, fleshy leaves.</p>	
<p>Sedum album 'Murel' - Evergreen Sage is bright</p>	<p>in winter reddish-orange. Flat clusters of small starry white to pinkish flowers are produced in late spring.</p>	
<p>Sedum album 'Coral Clusters' - Small Fleshy leaves</p>	<p>turning to green and becoming reddish-bronze in winter. Small, star-shaped white flowers are produced in late spring.</p>	
<p>Sedum acre 'Goldilocks' - Small This plant is attractive to bees, butterflies and/or birds, tiny yellow flowers lend it the appearance of a goldilocks.</p>
