

ADZ-2.0

Self-ballasting Fencing system, that does not penetrate the roof membrane.

#710601

Technical Data Sheet

■ Green up the roof!

	DIADEM's ADZ is a safety fencing for preventing fall, or restrain unsafe areas. The system fulfills all the legal and the technical requirements and yet not penetrating the membrane and not blocking the drainage of the roof structure neither. The system includes MDE-60 composite structural board, Hot dip galvanized Baserail, Stainless steel tension cable and Supporting Discs. The simplicity of the system allows you an installation of a 600 foot run by 2 people in 8 hours, saving you time and money where it counts most - on site.	
	Dim.	ADZ-2.0
Height	inch	48-3/8"
Width	inch	35-1/2"
Weight	lbs/lf	43.14
Material		hot dip galvanized (fence)
Length	inch	98-3/4"
