

KEY FEATURES

piece 2,5 / Durable yes / Concrete quality C25

APPLICATION

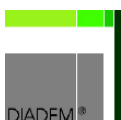

SPECIFICATION

The BW-60 is a 15-3/4" long precast concrete curb unit made of high density, frost-resistant concrete, with a natural, unfinished surface. Lying on its shorter or longer edge, its height reaches 15-3/4" or 24", which is ideal for semi-intensive to intensive systems.

TECHNICAL DATA

Height: (mm)	600
Width: (mm)	400
Length: (mm)	400
Thickness: (mm)	70
Weight: (kg)	72
Frost resistance:	yes
Material:	Concrete
Color:	grey
Feature:	dry cast
Material requirement: (m ² /m)	2,55
Coverage rate: (h/m)	0,40
