

RNH-PP-8/12-FF

210201

Height adjustable, open bottomed drainage channel with composite housing and mesh steel grating

KEY FEATURES

- Low installation profile
- Easy to clean
- Strong polypropylene housing
- Adjustable height
- Two way drainage

APPLICATION

The RNH roof channels should be positioned in front of terrace doors, low windows, and alongside wall structures. Their use should be especially considered at the bottom of large, vertical facades, as these areas also collect a substantial amount of rainwater.

SPECIFICATION

The RNH terrace channels ensure the drainage of roof terraces adjacent to walls; made of recycled composite housing and hot-dip galvanized or stainless steel grille covers. Size: 39 3/8" x 5 11/16" x 2"(L x W x H). The mesh grid spacing is 1 1/4" x 3/8". Weight: 13 lbs/pcs

TECHNICAL DATA

Height: (inch)	3-1/8" to 4 1/2"
Width: (inch)	5 11/16"
Length: (inch)	39 3/8"
Weight: (lbs/pcs)	13.02
Durability classification:	A15
Material Housing :	Polypropylen
Material Grating:	Galvanized mesh
Housing Color: (RAL)	7032
Material requirement: (pcs/pcs)	1.02
Installation standard: (hr/piece)	0.45
Packaging unit: (piece/ pal.)	65
